## RAILWAY MATTERS

NEW YORK STRIKE IS THOROUGHLY BROKE TODAY.

Banquet to Gen. Mgr. Fitzgerald at Baltimore—Budget of Local and General Railway News.

New York, March 10.—The strike on the Interborough Rapid Transit company's subway and elevated lines is thoroughly broken and scores of strikers today applied for positions. The lines are in better running condition today than any day since the strike began. Officials of the company say full service has been restored. Three to four thousand men, most with families, will probably never be able to regain their old positions. The company openly stated it will not discharge any strike breakers, who have shown themselves competent. The strike was lost, it is claimed, because there was no just grievance, because the agreement with the company, which should have been held inviolate, was broken and because of poor leadership and complete alienation of public sympathy. Reputation of the strike by Grand Chief Stone, of the Brotherhood of Locomotive Engineers and other national labor leaders, was the knockout blow.

In Honor of Gen. Mgr. Fitzgerald. The officers of the B. & O. railroad company will tender a grand banquet to the new general manager of the road, Mr. Thomas Fitzgerald, formerly of Newark, as a token of their high appreciation and respect. The banquet will be held at the Rennett house, one of the leading hotels of Baltimore, this evening. All the principal officials of the B. & O. system will be present at the banquet, including a large number of invited guests, comprising prominent business men of New York, Baltimore, Philadelphia and other large cities. Superintendent Bachelder, of this city, will attend the banquet.

Shut Out Independents. Topeka, Kan., March 10.—In the depositions taken in the suit brought against the Atchison, Topeka and Santa Fe Railroad company, it developed that all of the Kansas railroads in the trans-Missouri freight bureau changed their classification and tariff sheets about the time the Kansas oil fields began to give promise of becoming of importance. By the change which was made the only petroleum which would be served for transportation in tank cars was that destined to a "consignee who possessed storage facilities for the oil after it reached its destination." This order nearly "shut out" independent tankers from distributing their oil, as they were unable to erect storage tanks in all of the towns to which they shipped oil.

New Brick Floor. A decided improvement for the better has been made in the erecting shop. All the old board flooring has been taken up, the holes in the ground filled, and a good, solid brick floor has been put down.

More Men Employed. Work at the B. & O. railroad shops, this city, is booming and the departments are crowded. Eight or ten men will be added to the stripping gang at night in the erecting shop, and the work of stripping will be pushed as fast as possible. The present large force of men now at work in the Newark shops is being gradually increased although quite a number are off on account of sickness.

Hand Lacerated. C. F. Higginbotham, an employee of the B. & O. shops at Zanesville, suffered a laceration of his right hand yesterday afternoon.

Repairing Pile Driver. The B. & O. pile driver has been brought to the Newark shops for necessary repairs, which will be completed in a few days.

Resigned Position. C. F. Smith, gang foreman in the erecting shops, has resigned his position, and has gone to Danville, Ill., where he has taken service with the C. & E. I. railroad company. Mr. Smith is succeeded by H. C. Murphy, a well known B. & O. machinist.

Badly Injured. S. Compton, a well known helper in the upper machine shop, had the misfortune to meet with an accident that was very painful in its results. While engaged at his work he fell over a truck and badly injured his side, incapacitating him from work for a few days.

Change in Agencies. G. A. Rehart, who was promoted to the agency at Barnesville last fall, has been transferred back to his old position at Somerset. Agent C. Douglas, who has been the agent at Somerset on the Strasburg division for some time, has been transferred to the agency at Shelby. Agent F. A. Kahn, present agent at Shelby, has been transferred to the agency at Barnesville. The changes took effect today.

Engine Movements. Engine 176 has been turned out of

the erecting shops after having received a general overhauling.

Engine 1156 has been turned out of the erecting shop after having received general repairs.

The repairs on Engine 1510 have been completed and the engine has been turned out of the erecting shop for service.

Engines 1900, 982 and 2229 are off the drop pit after having received needed repairs.

Engine 1934 has been shipped in the round house for repairs.

Engine 2201 has been transferred from the Wheeling division to the Newark division.

Engine 1905 was transferred from Newark to Chicago and from Chicago back to Newark.

Charter Revoked Today. Cleveland, O., March 10.—Grand Chief Stone of the Locomotive Engineers' Union, after a conference with the national officers this morning, revoked the charter of the New York Local 195 because they struck without a warrant from the national organization.

B. & O. Fireman Killed Today. Defiance, O., March 10.—B. & O. Fireman Perry Cummings was killed in a collision this morning between passenger and freight trains at Mark Center. Several passengers were slightly hurt. This is the eleventh wreck on the same division within three months and five have been killed.

Accident on the B. & O. B. & O. train No. 14 met with a bad accident at Mark Center on the Chicago division of the road about three o'clock this morning by being side-swiped by a freight train. Fireman Cummings was killed and Engineer Hanson was seriously injured that he is expected to die. No particulars have been received at B. & O. offices here, as the accident was on the Chicago division.

Railway Paragraphs. Machinist N. Edgerly is unable to work on account of sickness.

R. Hendon has been marked up as extra brakeman on the C. O. division.

H. F. Schildhauer, a machinist, is suffering with a severe attack of the quinsy.

Brakeman W. B. White is working again after having been off for a few trips.

Brakeman A. C. Granby is laying off for a few trips.

Brakeman Edward Jones has been marked up for service.

Brakeman R. H. Fuller has been marked up as extra brakeman on the C. O. division.

Brakeman Meckley is working again after having been off for a few days.

Fred Glassmeyer a helper in the boiler shop, is unable to work on account of sickness.

Conductor P. C. Sidle after a short absence, has been marked up for service.

Conductor W. A. Stewart has been marked up for service after being off duty for a few trips.

Brakeman W. H. King has been marked up as extra brakeman on the C. O. division.

## LINGAFELTER

SAYS HE WILL CARRY CASE TO HIGHEST COURT.

Sorry Now That He asked for Change of Venue and Took Case to Another County.

James F. Lingafelter, who is now under a sentence of five years in the penitentiary for forgery, said to an Advocate reporter Friday morning:

"I intend to take this case against me up to the highest court. My innocence I have proclaimed, and during the rest of my natural life I will endeavor to maintain it, and publish it to the world. I have now the same interest in this case and its outcome as a mother feels for an unborn child."

"They may persecute me as they will, but time will exonerate me. I am sorry now that I did not stand trial here in Licking county, but the die was cast and I abide by the result. However, I intend to take the case to the highest tribunal in the land before submitting to an unjust punishment. "But if I should serve the sentence I will do it without a murmur, and will ask no sympathy from those who put me behind the grim walls of a prison."

## HOARDED MONEY

If a person hides away a few dollars in a secret drawer or puts them in a small iron safe, does he consider it an expense? If he deposits them and receives credit in his savings bank book, does he class it as an expense? Why is it that so many men look upon a life insurance premium as an expense, and can not be induced to believe that it is not? When a person spends money for anything, it passes out of his possession. This is not the case with a life insurance premium. One deposits the money and it is kept for him awhile, and later it is given back again, with more added to it. It never passes out of his possession. It is his money just as much as if it were in a bank, and it is a great deal safer than if deposited in some banks. Give up the idea that insurance is an expense and see it in its true light. There is only one best company, The Equitable Life of New York, and it is the strongest in the world. O. M. and J. R. Tucker, agents.

## RICH WIDOW

Jilted the Professor Who Sues to Collect Fees for Performing Professional Services.

South Bend, Ind., March 10.—Because of his failure to finish with John Knoblock, treasurer of St. Joseph County Savings bank, first in a race for the hand of Mrs. Rebecca Baer, a wealthy widow, Prof. William G. Schrader has filed suit against his former sweetheart, to collect on account. The bill of particulars, which is a part of the complaint, and which is designated Exhibit A, has caused a sensation, and in substance is as follows:

Services as accountant and bookkeeper for defendant, \$200; services as advisor in the trouble over her former husband's will, including attorney's fees, \$200; services as agent in disposing of and buying property for the defendant, \$200; services as an entertainer and singer for the defendant, \$200; services in performing massages for defendant, \$200; services as a nurse and attendant during illness of defendant, \$200; services in preparing and administering hot drinks to the defendant, \$200.

The marriage of Knoblock and Mrs. Baer took place a few weeks ago, much to the surprise of their friends. Immediately Schrader consulted attorneys with a view of bringing suit for breach of promise. He was notified that his case would not be held good in this state.

### UNHAPPINESS DISPELLED.

Men and Women Unusually About It. Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. ### Some Goodly Graft.

How tersely Hon. A. P. Sandles, of Putnam county, explains some of the graft that is going under the graft laws of our recent legislature.

Auditor's three per cent. of Dow Liquor Tax which amounts to \$10.50 for each saloon in county, for writing a name in book.

For Treasurer's, one-fourth of all delinquent taxes; no extra labor.

Five hundred thousand dollars to Surety bond companies annually. Ten years \$4,000,000.

State Militia in 1902, \$200,000. In 1904, \$604,000.

What was done for the educational workers? In parts of Ohio the teachers must be satisfied with \$25 per month for five or six months. The teacher must earn all he gets, and more.

Yet our third termers would permit a law passed giving 88 auditors \$177,000 out of school funds. At \$25.00 this would add one month to 7,080 schools. And this is only the beginning of the first chapter.

TO BECOME EDITOR OF PAPER AT MADISON, OHIO.

Rev. R. S. Lindsay, Whose Wife Was Miss Galbreath of Newark, Buys Madison Weekly Review.

Geneva, O., March 10—Rev. Robert S. Lindsay, pastor of the First Congregational church of this place, has resigned to become editor of the Madison Review a weekly paper at Madison, O.

which he recently purchased. Rev. Mr. Lindsay was formerly pastor of the Eastwood Congregational church at Columbus, and his wife was formerly Miss Flora Galbreath of Granville street, Newark, her father for years being a Newark grocer.

### A NATIONAL INSTITUTION.

President Roosevelt, in his message opening congress in December, pointed out that the business of insurance had attained national proportions, and his words will be remembered by those who read and examine the Annual Statement for the year 1904 of The Prudential Insurance company.

This company wrote and issued during 1904 over \$312,000,000 of paid-for life insurance, increasing the number of policies in force to nearly six millions, and bringing the amount of insurance in force to a sum exceeding one billion dollars.

This company, whose agencies extend to every State in the Union, is a truly national institution, not only in size, but in the position which it occupies as the trustee for the funds of the millions in all parts of the country, thus furnishing the means of making provision for the future for themselves and their dependents.

That this trust is well placed is shown by the fact that the Company has accumulated assets of over \$88,000,000, and a surplus exceeding \$13,000,000, the liabilities being \$75,000,000. The exhibit this year gives a very plain and convincing statement of the character of these assets and of the security which is afforded on its loans, on bonds and mortgages, and collateral securities.

One very interesting item of the statement is the amount paid to its policyholders. Over \$13,000,000 were paid to policyholders during 1904. The Company has paid to policyholders to date a total of over \$92,000,000. It is certainly impossible to estimate the amount of good which the distribution of this vast sum of money has accomplished for the American people who have been its recipients.

The company has at different times made changes and concessions in its policies, which resulted in giving additional benefits to those insured. Wherever practicable these concessions are made retroactive; and up to the present time the company has distributed in cash dividends and other concessions, not stipulated in original contracts, and voluntarily given to holders of old policies, over five million dollars.

The company will furnish any information concerning its policies to those who write to the Home Office, at Newark, N. J.

## DOUBLE HEADER

BOTH NEWARK TEAMS WIN AT Y. M. C. A. GYM.

High Defeats Granville and Y. M. C. A. is Victorious Over the Visitors From Columbus.

The double header in basket ball played at the Y. M. C. A. gymnasium Thursday evening furnished the best attraction in this line of sport ever given in Newark.

The Coshocot High school having cancelled the game with Newark High, left the latter team without a game but almost at the last moment Manager Julian Speer secured the team made up of juniors at Denison university as opponents and the patrons were treated to a better exhibition than would have been the case had Coshocot come. Three of the team who played Thursday night are members of the Denison varsity which made the game of especial interest and importance.

The first game was between Newark High school and the team from Granville and resulted in a victory for the local five by the wide margin of 50 to 25.

In this game the fast and accurate passing of the Newark boys together with the accurate goal throwing of Pine, Kibler and Prior made the visitors look slow, but the always brilliant Roundbush starred at all times, his work in the second half standing out far above that of his team mates.

For the locals Harry Pine, as is usual, starred. This remarkable young athlete seemed to be at his best Thursday night, and his work frequently brought out hearty applause. He was always following his man on defense while when he got the ball he seemed to be at all times in the hall of the basket.

Kibler also played a brilliant game and his throwing goals from the field was a spectacular feature. Prior at center played against Shoup, and not only held his own but is credited with five field goals. Hart and Moore played a steady and consistent game. Shoup for Denison also played well.

The score:

Denison.	Position.	Newark.
Martin	f	Pine
Roudebush	f	Kibler
Shoup	c	Prior
Learsch	g	Moore
Anderson	s	Hart
Goals:		
Pine	7 field, 5 foul;	Kibler,
6 field, Prior	5 field, 3 foul;	Moore
4 field, 3 foul;	Roundbush	6 field, 2 foul;
Shoup	4 field, 3 foul;	Anderson
1 field, Substitutions,		
Hixson for Martin;		
Prior for Learsch;		
referee, Smith;		
umpire, Pinneo;		
timers, Stanton and Price.		

Immediately after the first game the second game was called between the Newark Y. M. C. A. and the team representing the Edmiston & Johnson college of Columbus, of which "Kid" Purcell, a Newark baseball favorite, is captain. Purcell received a generous applause when he came on the floor, and played a good game.

Morris was the visitors' star, however, and his work was glibly edged. For Newark Beecher's throwing of goals from foul and his general all-round work was pre-eminent. Hermann played a magnificent game and some of his goals from field were spectacular. Pine played the first half and did good work.

The score, 48 to 24 in favor of Newark.

E. & J.	Position.	Y. M. C. A.
Morris	f	Beecher
Wolfe	f	Pine
Parkinson	c	Hermann
Purcell	g	Smith
Goals:		
Beecher	6 field, 8 foul;	Pine
2 field; Hermann	8 field;	Burke
2 field; Smith	1 field;	Morris
8 field, 4 foul;	Wolfe	3 field;
Parkinson	2 field.	
Referee, Jones;		
umpire, Hemphre;		
timers, Speer and Fleming;		
Gardner replaced Pine, and Prior went in for Smith in the second half.		

Clyde Doughty of Denison scored both games.

## WAITING FOR REPLY

Columbus, O., March 10—Not one word direct from the Newark High school manager has been received by the East High management.

Manager Magley of East wrote to Newark the other day, but no reply has come.

The idea of playing upon the Denison gym floor does not agree with Columbus ideas of neutrality, for the simple reason that it would be easy for the Newark boys to slip over to Granville for practice unless they would promise not to do so.

At East there is a belief that the teams will not be able to get together. The five has no other games, as negotiations for a second game with Central are at a standstill.

The East players are practically out of training. They haven't practiced more than once in the last ten days. But Captain Barrington says he can whip his team into shape in a hurry if a chance to play arises.

## NOT INDORSED

By the National Unions is the Rapid Transit Railway Strike in New York City.

New York, March 10—National labor leaders have repudiated the action of the local leaders who ordered the strike on the Manhattan rapid transit system. The first intimation the public had that the strike was not endorsed by the national unions came in a statement from Grand Chief Stone of the Brotherhood of Locomotive Engineers, to which the motor men belong. Mr. Stone insisted that the strike was a violation of the laws of the national union, the men having broken their contract with the Interborough company. He ordered the men to report for duty, failing which expulsion from the organization is threatened. The local leaders are determined to continue the strike. They claim to have sufficient money to carry on the struggle.

## STATE FIRE MARSHAL

Elated Over Condition of Letcher on the Charge of Arson Committed 24 Years Ago.

Columbus, O., March 10—State Fire Marshal Hy Davis has returned from Bryan, where he has been assisting the prosecution in the Letcher arson case. Mr. Davis is elated over the conviction of Letcher.

"This conviction will do more to put a stop to arson," he said, "than anything the department could have done. In this instance the arsonist was not brought to justice until 24 years after the crime was committed, and this will deter others."

The conviction of Letcher will cost the State Marshal's Department close to \$1,000, and it is estimated that the trial will cost \$2,000 more.

## The Best Lot Proposition Ever Offered to The Citizens of Newark

Owing to the fact that a number of citizens of Newark have expressed a desire to buy lots adjoining the new United States Navy Yard, about five miles from Charleston, South Carolina, from Messrs. Bolton and Wilcox, a number of them will be placed on sale. Those who take the trouble to investigate will find it the best lot proposition ever offered in the City of Newark. There will be twenty millions spent to complete this yard, and about four thousand men employed or as many men as are employed in all the shops in Newark combined. The first mechanics to the number of five hundred will be sent there this fall upon the completion of the dry dock. Sewer, water and granolithic sidewalks are guaranteed on each street. The gate of the Navy Yard opens into this property and the electric car line runs through the entire length of the property to the Navy Yard gate. These lots will be sold on payment of ten dollars a month without interest or taxes until paid for. Your money cannot help doubling itself in a short time, as the history of all Navy Yards has been that they have made large cities in a few years. We have made contracts with a number of Newark people to go there to work on this property. Those desiring to buy lots may call on us at 14-12 North Second street or buy them from the agents we have appointed. Office open evenings. Pictures and plat of property may be seen in the window of the room formerly occupied by Sachs Bros., on the east side of the square.

## AMUSEMENTS

### AUDITORIUM THIS EVENING.

The Wilbur Mack company presented the musical comedy, "Mr. West from the East" last night at the Auditorium to one of the largest audiences of the engagement excepting Monday night, and from the frequent outbursts of applause they were well pleased with the performance. Tonight they will present the western comedy drama, "Idaho" with a full line of specialties and a number of amateurs who have volunteered. The engagement closes with a ladies' evening tomorrow afternoon and an evening performance, presenting "A True Irish Gentleman." Matinee prices only 10 and 20 cents.

### ARIZONA NEXT MONDAY.

M. B. Raymond will again present "Arizona," American's greatest play, at the Auditorium Monday, March 12. The theatre going public seems never to tire of this charming comedy drama, and hails each succeeding visit with delight. We have gone over the story of Mr. Thomas' play time and again, and it is not our intention to burden our readers by reiterating the many praises which critics and the public have written and said about it; suffice to say that the coming presentation will be as grand and perfect as to detail as any of its former visits here. You will see the same bluff, hearty Canby and his comely wife, the same Estrella, with her weak points that are nurtured by the flattery of the Captain until the frank open hearted Lieutenant Denton awakens her to her danger; charming, ingenuous Bonita, with all the sprightliness of youth; the sedate, caustic-like husband, Colonel Bonham, and all the attendant characters, including the vaquero, Tony, the blunt Dr. Fenlon and his eccentric love-making to Miss McCullagh, the strong-minded school teacher; Lena, the servant maid, who has been deceived by the Captain, Sergeant Keller her father, and all the minor characters which go to make-up the cast of this dramatic and interesting play.

### TWO ORPHANS.

Late last season, when the theatrical year was waning, New York play goers were afforded a sensational dramatic surprise in the important revival of D'Ennery's noted masterpiece, "The Two Orphans." The extraordinary all-star cast secured for this occasion—which has now taken on historical significance—together with the magnitude of the presentation, and the fact that the revival was made at one of New York's most exclusive playhouses, the New Amsterdam, attracted world wide attention and notice. It was conceded to be the most remarkable dramatic achievement of this generation. Auditorium March 14.

### CHILDREN WILL GO TO NORTH AND CENTRAL BUILDINGS

Until New Structure is Finished—Vine Street School is Now Used for First Time.

As soon as bids have been received and acted upon for the sale of the old Woodside school building it will be disposed of and the work of constructing the new building will be immediately commenced. Arrangements will be made to accommodate the children in the other buildings by distributing those in the third and fourth grades among the teachers of the same grades who have room to take them. The first and second grades will probably have half day sessions and will likely be accommodated at the North Fourth street and Central buildings.

The new school house on North Vine street is now occupied by the scholars assigned to the building.

## ROAD TO NEWARK

Wanted by People of Utica—They're Not Much Interested in Proposed Columbus Line.

The promoters of the traction line from Mr. Nelson to Columbus say that the people of the Brandon, Homer and Appleton road do not manifest much interest in the road. The reason is plain. The people of that section, as well as those about Utica, would not have their roads very well served by a line to Columbus. What they want is a road that will whisk them in to Newark where they go fifty times a day to the state capital—Utica Herald

## SEVERAL CHANGES

### CONTEMPLATED BY WELL KNOWN NEWARK FIRMS.

Rhoads Block on South Third Street to Have New Tenants—Elliott & Wilson May Move Store.

An important real estate deal will take place in the near future if the plans of those interested do not miscarry. A "real estate deal" is really a misnomer, as it does not involve an exchange of property, but will affect several well known commercial and financial institutions.

Mr. S. E. Rhoads, stated on Friday morning that the block owned by him on South Third street, south of the Adams Express office, would soon have different tenants.

The Bloomberg clothing company will vacate April 1. Frank Graef, who conducted a saloon and restaurant in the adjoining room, has already moved. This room will be remodeled and moved now and April 1, will be the headquarters of the Citizens Building and Loan Association.

The rental of the room now occupied by the Bloomberg company is now in abeyance. Among other applicants are Bowers & Criss Brothers, Elliott & Wilson and Samuel Forsythe.

Of course Bowers & Criss Brothers would use it for an undertaking establishment, and if secured by Elliott & Wilson they would move their hardware store there. Mr. Forsythe, if he secures the lease, expects to put in a cigar store, with pool and billiard rooms attached.

The room now occupied by Elliott & Wilson is a part of the Fleck estate, and there is yet one year to run on the lease which they hold. The Newark Trust company is anxious to secure it for the company's headquarters at once, and will occupy the same as soon as the lease expires. There is talk of a skyscraper going up on the site.

Mr. Rhoads said that representatives of the Elliott & Wilson firm said to him that if they were given a bonus, sufficient to justify them, they will move immediately.

The Elliott & Wilson room will be entirely remodeled and converted into a most up to date banking headquarters.

The rent has been fixed by Mr. Rhoads and each applicant has been told the amount, so that it is not a question of bidding, but merely of the selection of a tenant by Mr. Rhoads himself.

## COL. BRYAN LOST

Supreme Court Ruling in the Bennett Will Case at Hartford is Announced.

Hartford, Conn., March 10.—The supreme court of Connecticut handed down a decision in the Philo S. Bennett will case, in which William J. Bryan has figured as a possible beneficiary to the extent of \$50,000 as provided in a "sealed letter" left by Mr. Bennett, and finds no error. The decision upholds the superior court, which rendered judgment to the effect that the clause in Mr. Bennett's will containing the paragraph in regard to the \$50,000 to be left to Mr. Bryan is inoperative, and that the said fund is a part of the residuary estate. Mr. Bryan appealed from this decision, and the result is as previously stated. Control for Mr. Bryan, when asked if the case would be taken after higher, said that it would not be.

## GRANVILLE NEWS

Granville, O., March 10.—On Thursday evening in Recital Hall occurred the third of the delightful sonata recitals given by Mr. Arthur L. Judson, violin, and Mrs. Charles B. White, piano. The program was rendered by Mr. Judson and Mrs. White with a perfect understanding of the music, and with rare and artistic ability. Those who attend these recitals always feel the glow at the close of the evening and the recital of last night was no exception. The unusual talent and skill exhibited by Mr. Judson and Mrs. White in these recitals is appreciated by the number of friends who always delight in the opportunity of hearing them play. The program was as follows:

Beethoven ..... Sonata in c-minor op. 30 No. 2 Allegro con brio—Adagio cantabile Scherzo (allegro)—Finale (allegro.) A sonata in strict form, and developed almost entirely from short motives. Perhaps the greatest of all Violin and Piano Sonatas as an exponent of the sonata form in its purest style.

Schuman... Sonata in a-minor op. 105 Mit leidenschaftlichem Ausdruck Allegretto—Lebhaft.

A sonata full of romanticism and which calls for an emotional expression as great as the performer can give. It is in strict form but deals with melodies rather than motives, excepting, in the last movement.

A number of the boys of the East dormitory will give a "dorm" party on Saturday evening.

The Junior class basketball team of the college will play the Newark High school team this evening in Cleveland hall.

The members of the Chi Psi Delta Sorority will enjoy their annual banquet, to be given at Mrs. Tigh's this evening.

## OLD AGE

Not a Time of Life, or Length of Years but a Condition of Bodily Tissues.

said a celebrated London physician, and just so long as the bodily tissues can be kept from wasting and built up, just so long can old age be kept at bay, and people will be alert, active and young.

Our well known druggist, Mr. Frank D. Hall, says: "Old cod liver oil preparation, Vinol, is the greatest tissue builder and invigorator in the world for old people. There is nothing else known to medicine that can equal it, because Vinol contains in a concentrated form all of the body-building, life-giving principles of cod liver oil actually taken from fresh cods' livers, and is not a stimulant which produces bad after effects. We have letter upon letter from grateful old people whom Vinol has strengthened and invigorated with robust health. Vinol does not separate from the food the elements needed for rich red blood, healthy body material and sound, steady nerves. In this way it repairs worn tissues, checks the natural decline and replaces weakness with strength."

Mr. A. J. Barker of Evansville, Indiana, says there is no other medicine in the world equal to Vinol for old people. He would not take a thousand dollars for the good it has done him.

The Grand-niece of Alexander Hamilton, Mrs. Sarah J. Winderham, says: "Vinol is a godsend to old people." She is seventy-six years old, and is active and well, thanks to the vitalizing effects of Vinol.

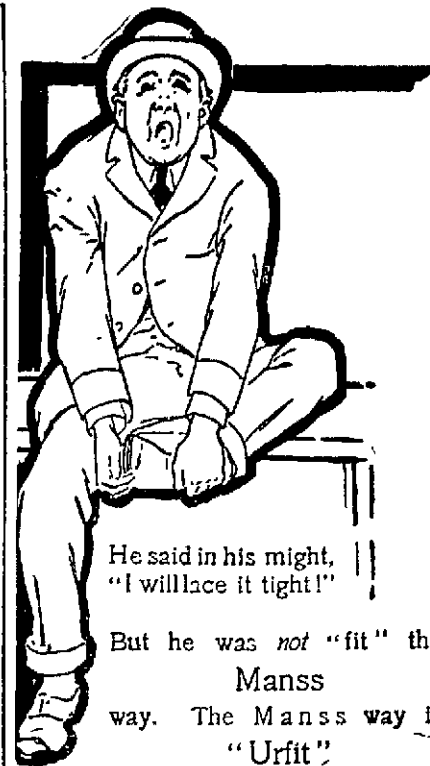

We wish every man or woman in Newark who "feels old," whether they are so in years, or not, would try Vinol on our guarantee to return their money if they are not satisfied after using it. Frank D. Hall, druggist.

## WHEAT CROP

Monthly Report of the State Board of Agriculture—At Present it is 71 Percent of an Average.

The monthly crop report of the State Board of Agriculture just issued, says: "On the ground in of winter much uncertainty existed in regard to wheat because it had been seeded late, and had attained but small growth. However the winter has been favorable to its protection, there being a great amount of snow that covered the fields for long periods and there was no upheaval of roots by alternate freezing and thawing. Many fields are still covered with snow. The roots being well set, favorable weather will cause the plants to advance more satisfactorily than predicted. Much wheat that now appears poor, may show healthy improvement as the roots are safe. Many correspondents report the wheat as small, but appearing healthy, while some correspondents, referring more especially to wheat on the hill-sides, report it as frozen.

The present estimated condition of wheat is 71 per cent of an average. This is about the same as the estimate given on January 1."

## Build Up Your System!

Neglect and carelessness are the general causes of all disease. People never become dangerously sick until after nature has given them many warnings. The great mistake is not paying attention to these warnings.

When you feel "run down," "used up," "nervous," tired most of the time—it means that something is wrong and nature is warning you. You need more nerve force to build up your system.

Strengthen your nerves, increase your nerve force and your health will take care of itself.

Science with its unerring methods of research has proved that the various organs and tissues of the body continue in health and perform their work properly as long as their nerve supply retains its vigor and strength.

But if the nerves degenerate or lose power from poor nourishment or any other cause, the entire physiological mechanism of the body is thrown out of gear and we have as a result some "run-down" condition or disease.

The heart, the stomach, the liver, all have their great nerve centres which supply them with the power to work properly. When these nerve centres are weakened these important organs cannot act properly.

"For five years I was in very bad health and the doctors and medicine failed to help me, until I became seriously ill, and then I began using Paine's Celery Compound. I derived great benefit from it at once. I commenced to gain in weight and gained thirty pounds in three months. It gave me great strength and built up my entire system. I have recommended it to some of my friends and it did them a great deal of good."—O. M. Pearson, Seattle, Wash.

Prof. Phelps, of Dartmouth University, was the first physician to enunciate the principle which today is recognized as one of the foundations of the science of medicine,—the great enlightening truth, that the nerve system rules all the body's health.

The nerves must have food to keep up their strength. Their food is not the same food that we usually know.

He sought and found the food that builds up and restores the nerves—his celery formula, which has become famous as Paine's Celery Compound—the celebrated nerve vitalizer and tonic.

Paine's Celery Compound is giving new nerve force to thousands every day by feeding and restoring the nerves to their full strength. It never fails to build up a run down system to full, ruddy health.

Two days' treatment proves its marvelous power. It braces you up. You feel better, at once.

Sick headache, palpitation, dizziness, and heartburn are usually relieved by a single dose of Paine's Celery Compound.

Remember this,—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.

## THE FOUNTAIN

In the Court House Park Should be Repaired and Restored by the City.

The tumbled down water fountain in the southwestern part of the Public Square, donated by the W. C. T. U., presents a very unsightly appearance, and is not at all an ornament to the Public Square in its present wrecked and ruined condition. It would certainly not take a large amount of money to repair the fountain properly and give it a coat of paint. Inasmuch as the W. C. T. U. donated the fountain to Newark city and the same was accepted by its officials, it certainly is the proper thing for the city to go to the expense of repairing it and keeping it in proper order. It is by no means a credit to Newark to allow the fountain to remain in its present wrecked condition.

## BUTLER-WHITE

Zanesville Man Captures Fair Bride of Hopewell—Newark Guests Were at the Wedding.

Zanesville, O., March 10.—The marriage of Miss Stella M. Butler, of Hopewell, and Mr. Bernard V. White, of this city, took place at 7:30 o'clock last evening at the home of the bride's sister, Mrs. Arthur J. Myers, 223 West End avenue, the ceremony being performed by Rev. James Kelly Argo, pastor of the Brighton Presbyterian church in the presence of a few immediate friends and relatives.

Following the happy congratulations, the guests enjoyed a dainty wedding supper. Among the guests were Mr. and Mrs. J. W. Flesher of Hopewell, Mr. and Mrs. W. L. McArthur of Newark, and Miss Lillie Butler of Hopewell.

The bride is gifted with many accomplishments which have won her many friends. Mr. White is a dairyman, and is a very popular young man. They will reside on the Cooper Mill road.

## BRILLEGBERT.

At the home of the bride's parents, Mr. and Mrs. Fred H. P. Egbert of Dresden Thursday night, Miss Frances Egbert and Fred L. Brill were united in marriage. The young couple are very popular in Dresden society circles. Mr. Brill is the manager of the Dresden Electric Light company.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissues to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Druggists sell it for 50 cts. Ely Brothers, 66 Warren st., N. Y., will mail it. mwf

## NEWARK BUSINESS COLLEGE.

Does not employ solicitors to "write the tuition" at any cost. Too busy to solicit you personally. Room for a few more. Unlimited scholarships and up to date courses at reasonable rates. Lansing Block. S. L. BEENEY, Prin.

## WOMEN DETAINED

By Instruction of the Police—Officers Await the Arrival of Detectives From Frisco.

Honolulu, March 10.—The fact that Bertha Barner and May Hunt, secretary and maid respectively to the late Mrs. Stanford, will not leave Honolulu on the Pacific Mail company's steamer China, but will remain until the sailing of the Oceanic Steamship company's vessel Alameda, is due to police instructions to the two women. Attorney General Andrews suggested that they should not be allowed to leave before the arrival of the detectives from San Francisco on the Alameda. High Sheriff Henry continues to hold out positively against the theory of suicide.

## HOW MANY PEOPLE ARE ALWAYS TIRED

You Get Up In the Morning All Played Out and Unfit for Labor. An Easy Way to Become Bright and Vigorous. You Can Eat Well and Sleep Well and Forget You Were Ever Tired.

Do you ever stop to think why you feel more tired in the morning than when you retire the night before? Did it ever occur to you after your noon-day meal why you are unequal to further exertion for an hour or two? You are quite played out, feel almost unhappy, unfit for labor and for exertion of any kind. You have acquired the habit of overloading your stomach, your liver is congested and your bowels loaded with foul refuse. You have piled away upon yourself until your very vitality cry out for assistance. "What shall I do?" You say. Use Smith's Pinappleand Butter-milk Pills for just a week. Take two each night with your tea. They will make you feel better, better in the morning, and all day long, and in a week's time they will cure so that you will again feel bright and active, and your blood, dependent, blue condition will have vanished. As an after-dinner pill nothing can take the place of Smith's Pinapple and Butter-milk Pills, for they possess not only the antacid and resolvent properties of pineapple, but also the laxative and tonic properties of buttermilk. They improve digestion, assimilation and nutrition. They will make you feel better, better in the morning, and all day long, and in a week's time they will cure so that you will again feel bright and active, and your blood, dependent, blue condition will have vanished. # GOOD BLOOD TELLS ITS OWN STORY

And tells it eloquently in the bright eye, the supple, elastic movement, the smooth, soft skin, glowing with health, a body sound and well, an active brain, good appetite and digestion, refreshing sleep, energy to perform the duties and capacity to enjoy the pleasures of life. The blood is the most vital part of the body; every organ, muscle, tissue, nerve and bone is dependent on it for nourishment and strength, and as it circulates through the system, pure and strong, it furnishes to these different parts all the healthful qualities nature intended. When, from any cause, the blood becomes impure or diseased, it tells a different story, quite as forceful in its way. Itching, burning skin diseases, muddy, sallow complexions, disfiguring sores, boils, carbuncles, etc., show the presence, in the blood, of some foreign matter or poison. Rheumatism, Catarrh, Contagious Blood Poison and Scrofula, are effects of a deeply poisoned blood circulation. These may either be inherited or acquired, but the seat of trouble is the same—the blood. S. S. S., a purely vegetable blood remedy, cleanses and purifies the circulation and makes it strong and clean. Under its purifying and tonic effects all poisons and impurities are expelled from the blood, the general health is built up, all disfiguring eruptions and blemishes disappear, the skin becomes soft and smooth and robust health blesses life. Rheumatism, Catarrh, Scrofula, Contagious Blood Poison and all diseases of the blood are cured by S. S. S. Book on the blood and any medical advice, free of charge.

# LAI TO REST

Funeral Services Over Mrs. Sprague, Who Was Daughter of Soldier in the Revolution.

Funeral services over the remains of Mrs. Mary Sprague, sister of Mrs. Emily Stoolfries of Newark, who died on Tuesday night at her home in Brice, were held Thursday afternoon from the family residence, attended by a large number of friends.

Rev. W. S. Priest of the Central Christian church, who was to have officiated at the service, was called to Washington Thursday on business, and in his place a Brice minister took charge of the services.

In his service the minister touched upon the life of Mrs. Sprague, who was past 96 years of age at the time of her death. He spoke of her lovable traits of character, of her domestic life, parental love, and of the high esteem in which she was held by all her friends.

A large number followed the remains to the Reynoldsburg cemetery, where interment took place. The pall bearers, selected from her closest friends during the later part of her life, were B. V. Linn, Win Myers, Wiley Tussing, Frank Rhodes, D. Springer and Mr. Martin.

# MRS. WM. R. SPENCER.

Dr. B. F. Spencer of North Fourth street, received a message from Raton, New Mexico, Thursday morning, announcing the death of the wife of his son, Wm. R. Spencer, who before entering the Union army in the civil war, lived at Brownsville, this county. Burial will be made at Mrs. Spencer's former home in Ottumville, Mo.

# JEREMIAH FARMER.

Jeremiah Farmer, one of the oldest and best known residents of Fredonia, died at his home in that place on Friday morning about 11 o'clock, after an illness of some time, aged about 78 years. Besides the widow he leaves two daughters and one son. At this writing no arrangements have been made for the funeral.

# DR. F. D. WORTMAN

Died on Friday Morning at Gratiot, O., After a Short Illness With Pneumonia.

Dr. Frank D. Wortman died Friday morning about 3 o'clock, at his home in Gratiot, from pneumonia, after an illness of about ten days duration, aged about 45 years.

He was a member of the M. P. church of Gratiot, also a member of Rankin lodge No. 81, I. O. O. F. at White Cottage, and of Jackson lodge No. 85, F. & A. M., of Brownsville, O. He was a son of John and Sadie Wortman of White Cottage, and the last one of a family of six children.

Dr. Wortman was a graduate of the Ohio Medical university of Columbus, graduating in the same class with Dr. C. F. Legge of this city. He also taught school about eight years in Muskingum county previous to his medical schooling. About the year 1897 he located in Gratiot, where he has practiced medicine ever since. In 1903 he was married to Miss Lillie Chatman, who survives him.

The funeral services will take place Sunday at 10 o'clock from the M. P. church at Gratiot, the Rev. Dr. C. Weiss officiating. Interment at White Cottage. His lodges will attend, also Horton lodge No. 192, I. O. O. F., of Gratiot, and members from other lodges.

In the case of the State of Ohio vs. Samuel Kerr, indicted for assault and battery, owing to the sickness of a material witness on behalf of the defendant, the case was continued to next term of court, which convenes in April. Fitzgibbon, Smythe & Smythe; Hunter & Hunter.

# Action for Damages.

Samuel Kerr has filed a motion to make more definite and certain a petition filed some months ago in Common Pleas court in which Thomas Johnson, a citizen of Utica, charges the defendant with assault and battery. Johnson was hanging paper at the home of Kerr, and Mrs. Kerr alleges that Johnson insulted her. Afterwards Kerr met Johnson and "gave him an awful beating," and the suit for damages arises out of this allegation.

# Appointments.

# OIL AND GAS LEASES

Court Orders the Assessors to Tax Leases in West Virginia as Personal Property.

Morgantown, W. Va., March 10.—Incessant at the failure of the legislature to compel the payment of a fair proportion of taxes by coal, oil and gas interests in the state, citizens of this county appeared by attorneys and requested the county court to take action. The court entered an order requiring the assessors to tax all leases for oil and gas as personal property, and also ordered the prosecuting attorney to bring suit for the recovery of five years' taxes based upon this method of taxation. It is estimated that since oil and gas was found in this county the Standard Oil company alone has not paid taxes upon at least \$25,000,000 of oil and gas, and figures were produced from the records of the court to this effect.

# CAN'T GET DAMAGES

For Breach of Promise Because the Fair Plaintiff Was Afflicted with Consumption.

Seattle, Wash., March 10.—If tuberculosis is an infectious disease, which passes from parent to offspring, then it is against public policy for such marriages to be permitted, and no person should be mulcted in damages who breaks a promise he has made to marry such an affected person.

That was the opinion rendered by Superior Judge Albertson in deciding a motion to strike out interrogations propounded in the suit of Rosena E. Grover against Mayor Zook of Ballard. The young woman seeks to recover from him \$25,000 damages for alleged breach of promise.

Mayor Zook admitted he had promised to marry the woman and would have done so had he not later discovered that she was afflicted with tuberculosis.

The question before the court was a novel one, raised possibly for the first time in the United States. The court declared that in a marriage contract three parties were concerned. The man, the woman and the state, and that the state had a right to prevent any marriage which would be dangerous to it.

# Backache, "The Blues"

Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

Mrs. J. G. Holmes Emma Cotrelly

How often do we hear women say: "It seems as though my back would break," or "Don't speak to me, I am all out of sorts?" These significant remarks prove that the system requires attention. Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some uterine derangement. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the ablest specialists agree that it is the most universally successful remedy for woman's ills known to medicine.

The following letters from Mrs. Holmes and Mrs. Cotrelly are among the many thousands which Mrs. Pinkham has received this year from those whom she has relieved.

Surely such testimony is convincing. Mrs. J. G. Holmes, of Larimore, North Dakota, writes:

Dear Mrs. Pinkham:— "I have suffered everything with backache and womb trouble—I let the trouble run on until my system was in such a condition that I was unable to be about, and then it was commenced to use Lydia E. Pinkham's Vegetable Compound. If I had only known how much suffering I would have saved, I should have taken it months sooner—for a few weeks' treatment made me well and strong. My backache and headache are all gone and I suffer no pain at my menstrual periods, whereas before I took Lydia E. Pinkham's Vegetable Compound I suffered intense pain."

Mrs. Emma Cotrelly, 109 East 12th Street, New York City, writes:

## NEWARK MAN

Charged With Contempt of Court at Columbus

## M'INTOSH ORDERED ARRESTED

Alleged That He Tried to Influence a Witness for State in Judge Dillon's Court.

Columbus, O., March 10.—Upon representations made by Assistant Prosecutor King that Z. McIntosh of Newark, had been attempting to influence the testimony of a witness for the state, Judge Dillon of the criminal court Thursday morning issued a capias for the arrest of McIntosh on the charge of contempt.

Attorney King alleged that Mr. McIntosh had approached one of the witnesses of the state, Oma Looker, and requested her not to tell the court and jury "any more than she had to." The capias was placed in the hands of Deputy Sheriff Reedy McDonald.

The witness who is said to have been approached, is a niece of James Looker, the man who is being tried before the court on a charge of "failure to provide."

## MR. M'INTOSH DISCHARGED.

Xenophon McIntosh who was arrested on the charge of contempt of court and taken to Columbus was released today.

The trial of John Looker, for failure to provide for his minor children was in progress in Columbus, and McIntosh, as a friend, went there to witness the trial. While there he conversed with several who were witnesses on the case, and a bench warrant was issued for his arrest for contempt of court. Mr. and Mrs. McIntosh arrived from Columbus on the 2 o'clock car. The case against McIntosh was discharged. Mr. McIntosh is a Newark carpenter living on South Second street.

## SOCIETY GIRLS

MUST APPEAR BEFORE GRAND JURY FOR CARD PLAYING.

Kentucky Town Excited Over Developments—Is Euchre Playing for a Prize Gambling?

Nicholasville, Ky., March 10.—The grand jury of this county has one of the most delicate and abstruse problems that have ever been presented for solution by moralists, lawmakers and enforcers of the law. In order that they may have enlightenment on the subject the prosecuting attorney has caused subpoenas to issue for 50 or more young society men and women. The questions in brief are: Is euchre gambling? Is card playing for prizes a crime in the eyes of the law?

The issuance of the subpoenas is said to indicate that the county authorities hold euchre playing for prizes among the society people is calculated to injure the dignity of the law, and the intention is, it is said, to bring in indictments in case an offense can be proved. The allegation is that the 50 young society people have been playing euchre for prizes at divers times and places during the cold winter months, mostly in the homes of the parents of the young women summoned before the court of inquiry.

The sheriff in his rounds visited the public library and the business houses in order to serve the papers, and before he got through word was telephoned to every other member of the club who had not been served. These parties have not been found, and they may remain in hiding until the grand jury adjourns.

## SEVEN WOMEN

The Indiana Drummer is Alleged to Have Married—Sought a Wife in Ohio.

Goshen, Ind., March 10.—Ira S. Moyer, aged 48, of Nappanese, is under arrest at Denver, Col., charged with bigamy. He will be taken to Jansville, Wis., for trial. He is accused of being the husband of seven women, most of whom live in small Wisconsin towns which he has visited as traveling salesman during the last two years. He is regarded as Indiana's second Hoch.

Before leaving Nappanese Moyer, it is alleged, showed signs of insanity on the subject of matrimony. He traveled to Cincinnati in response to a matrimonial bureau's negotiations for a wife, but he finally refused to marry the woman named in the contract. He made a similar trip to Colorado.

Moyer's parents are wealthy farmers. Relatives have gone to Wisconsin for the purpose of preparing a defense on the grounds of insanity on the subject of matrimony.

## SEVENTY SITES

Offered for Tuberculosis State Hospital

## LATEST IS FROM LICKING CO.

None of the Propositions Come from Cities or Villages—All are from the Country Districts.

Columbus, O., March 10.—Over seventy sites have been offered for the proposed new state tuberculosis hospital—almost one for every county in the state. The latest proposition comes from Licking county and it seems that the Black Hand site, fully detailed in the Advocate of Last Tuesday, comes as near to filling the bill as any of them. A large number of the places suggested will not be considered because they lack the required elevation—800 feet. The Licking county land has an elevation of over 1,000 feet, it is well drained, tillable and a river close by. It is a remarkable fact that that none of the site propositions come from cities or villages. These communities seem to be afraid of contagion from the hospital.

Last night's Columbus Dispatch printed the following:

"Licking county is in the race for the securing of the state tuberculosis hospital, for which the state has appropriated \$65,000," said D. S. Munsell, of Newark, at the Hartman.

"The land which Licking county will offer to the state lies in the vicinity of Black Hand, and, I think, is in every way adapted to the requirements. It is over 1000 feet above the level of the sea, and has many natural advantages which should appeal to the state authorities. In the first place, the Licking river, which passes through Black Hand, provides an abundance of good water. The drainage is perfect, the soil productive, 300 of the 400 acres of the tract being tillable, the remainder being high land, especially suitable for a hospital of this kind."

"The special tuberculosis hospital commission is now giving a hearing to those who have sites to offer, and Licking county's turn will come in a few days. After each section having a site to offer, has been given a hearing, the health board and special commissioners will personally inspect each tract under consideration, and will recommend the one in their judgment is best suited to meet every exigency. The land recommended will be the land purchased by the state, and it is only natural that I should feel an interest in the matter, and to hope that Licking county will be chosen."

Some people regard a bank as a bank—a place to put money, and incidentally draw a little interest.

The difference in banks, however, is worthy of serious thought.

First, take the policy of the institution. Is it conservative? Ours is.

Next, are the officers, directors and employees men of sterling integrity, proven ability and sound judgment? Ours are.

Again, what does it do with its earnings? Ours has been placing all of its earnings in a surplus fund for the protection of its depositors. Could the owners of this bank show their confidence in it in any better manner?

Finally, safety being provided for, what rate of interest does the bank pay on time deposits? Ours pays 4 per cent.

We might go further, and mention many other points—in all of which our institution excels. We would like to do business with you, if you are not already numbered among our army of depositors.
